

Key & Interpreting Data

The figures given below give the nutrition values for each complete dish as listed on the menu.
 The GDA columns indicates the % of recommended daily amounts (GDA) for an average adult (women, 2000 kcal) for each nutrient.
 Figures are typical for that dish and may vary slightly as a result of manufacturing tolerances and cooking assembly.
 Where there are options available, these will appear underneath the corresponding dish, please add the nutrition for the choice to the total dish
 Where it says UNKNOWN, standard data is not yet available
