News In Brief:

The eyes of the Nation will again be on Andy Murray as he carries the expectations of the entire country on his broad shoulders. As he looks to become the first Britain to be crowned Wimbledon's men's single's champion since Fred Perry in 1936.

Tiger Woods is set to defend his world title against the world's best this month.

The Cricket season is in full swing as the ICC Twenty20 Cricket World Cup begins this month, with all Test playing nations plus the remaining qualifiers doing battle for a place in the final at England's world-famous 'home of cricket' Lords.

It's been 12 long years since the British & Irish Lions last enjoyed a series victory and expectations are high as the famous team take on touring in South Africa this month.
